NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Apparently, you people did not let it rain while we were gone on vacation and since it did not rain in Arkansas or Missouri while we were there, it was not possible to bring any back with us.

It seems to just be hot and dry everywhere.

Last year after vacation we filled up this space with a travelogue of our trip but since we went back to about the same places again this year, it is probably best that we find something else to write about. But, first just a few comments about our trip.

As we said it was dry just about everywhere we went and apparently those people over in that area suffer even more than we do from these long dry spells.

Gasoline seemed to be in better supply this year than it was at this time last year but then there seemed to be less people on the road and the prices were much higher. The price of gasoline seemed to vary as much as 9 cents from one area to another. Over-all the price seems a little cheaper in most of Texas but in Arkansas it varied from 51.9 to 56.9 in the same town. The highest we found was in Kimberling City, Mo., where it was 59.9.

The best bargain we found on the whole trip was a drug store in Branson, Mo., where you can still get a double dip ice cream cone for 5 cents—and they are full regular size dips.

After a week and a half of being in the trees, we find ourselves constantly looking for a shady place when we are outside. And if it is this hard to go back to work after a week and a half off we don't know how these people that get four and five weeks' vacation ever manage to get back on the job.

The one thing that we will probably miss most now that our vacation is over is the camp ground swimming pools that we managed to find our way into just about every evening.

Dave Drummond, a Hamlin Ex and son of Mr. and Mrs. G. W. Drummond of Hamlin, has been named new head coach at Stinnett High School in the Panhandle. He replaced Jerry Elbert who recently resigned to enter private business in the Lubbock area.

Dave has been at Stinnett for the past year as an assistant football coach. Before that he was head coach at Valley High School, one year as a graduate Assistant at West Texas State University and one year as a junior high school coach in Socorro, N.M.

Stinnett has been one of the major powerhouses in Class A for a great many years. Stinnett won bi-district last year and lost to Vega in the regional playoffs.

We read with interest in last week's Stamford American where they are making plans to come up with a Child Day Care Center similar to the one we have in operation here. They say that they hope to have it in operation by Sept. 1 but unless they can get through all the red tape much faster than we did it most likely will be Christmas before they will be taking in kids.

The following is also from the last week's American:

Inflation is causing most folks these days to sharpen pencils and to try to stretch their incomes. Jones County Commissioners are no exception.

At their July meeting Monday they were discussing the high cost of road maintaining equipment and what might be done to offset this tremendous expense.

Good Crowds Reported for City-Wide Crusade Here

The City-Wide Crusade for Christ, featuring David Stockwell as the evangelist, closed Thursday evening after five days of activities with an average attendance of 700 each evening at services in Piper Stadium.

With Stockwell were his brother Micky, 16, who worked with the youth and Vance Greek, a native of Rio

Hondo, who directed the music. Local talent, Mrs. Marvin Carlton and Mrs. Lynn Mink were instrumentalists for the services.

More than 200 decisions for Christ were made with more than 140 commitments, workers reported.

Special activities included a lay breakfast at 6:30 a.m. on Tuesday when 175 persons were served in Fellowship Hall of First Baptist Church.

A pizza supper for the youth at the stadium was served to some 200 junior high school through college age Tuesday evening prior to the service.

The visiting evangelists were guests of the Lions Club on Tuesday and the Rotary Club on Wednesday.

Presiding at the evening services were Lynn Mink, Sunday, Rev. C. G. Grigg, Monday; the Rev. Marshall Stewart, Tuesday; the Rev. Howard Jones, Wednesday and the Rev. Jim Smith, Thursday.

The New Image of First Baptist Church presented music each evening before each service.

Jno Howards Sell Interest In Store Here

Effective June 30, Mr. and Mrs. Jno. V. Howard sold their partnership interest in Pied Piper Grocery to co-owners, Mr. and Mrs. Ester Hastings.

In thanking the people of the Hamlin area for 56 years of happiness and their customers contribution to their success, Howard noted that he and his wife had come to a pause in their grocery career. No immediate plans for the future have been made, he said.

Howard was born here and grew up in the grocery business. His father, John V. Howard Sr., was a pioneer grocerman.

He married the former Mildred Traylor of Dallas in 1945. At that time she was employed by Braniff Airways as secretary to the chief pilot. Howard worked for Crow Bros. until October, 1947, when he opened Howard Food Market with his father as the butcher.

In September, 1968, the Howards joined the Hastings ownership of Pied Piper Grocery.

Mission Sets Revival Here

Revival services will begin Sunday at the Mexican Baptist Mission on East Lake Drive with the Rev. Felipe Martinez of Laredo as the evangelist.

Services will be held at 8 o'clock each evening through Sunday, July 28.

Mrs. John Howard will be the pianist and Andy Contreras will direct the music. Everyone is invited to attend.

Mr. and Mrs. Randy Wright, Rob, Debby, Tammy and a friend Dick Parkens of Glendale, Ariz. visited in the home of his parents, Mr. and Mrs. Randall A. Wright and also his brother, James F. Wright.

Hamlin FFA members attending the State FFA Convention in San Antonio July 10-12 were Gary Neal and Gary Hertel. They were accompanied by Chapter advisor Milburn Wink.

The Hamlin FFA Chapter received two awards during the convention. They were recognized in the National Chapter Contest and will receive national rating at the National FFA Convention in Kansas City, Mo. in October. In the Building Our American Communities (BOAC) awards program, The Hamlin chapter received a Gold Emblem rating. Only five chapters in the state were rated gold.

Gary Neal was recognized at the Awards Program Thursday night as the state winner in outdoor recreation part of the National FFA Foundation Awards Program. He received a plaque and a \$100 cash award.

Randy Elmore, George Gonzalez, and Eddie Offield were all raised to the Lone Star Farmer Degree during the convention. The Lone Star Farmer Degree is the highest degree the Texas FFA Association confers upon its members.

Neinda Philosopher Gets Over His Head In Economics—Nearly Drowns

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets tangled up in economics again this week.

Dear editor:

If a person pinched himself every time he hears or reads something it's impossible to believe these days he'd stay black and blue. It's wall-climbing to hear a witness in Washington solemnly swear he can remember one thing in his favor and can't at all recall another thing that'd convict him.

But one of the oddest things I've read lately, having nothing to do with remembering, was a statement the other day by the chairman of the President's Council of Economic Advisers, Herbert Stein.

In opposing a 5 to 10-billion-dollar tax cut to slow down inflation, Mr. Stein said it

wouldn't do any good. "We shouldn't be putting that much money in the hands of the people because they'd only go out and spend it," he said.

"Wait a minute," I said to myself before hunting for a new spot to pinch, "you mean the government will keep that 5 to 10-billion-dollar denied tax cut and put it in a savings and loan account? You mean the Federal government, which has over-spent its income every year for the past 25 or 30 and is now over 300 billion dollars in debt, is lecturing the people for spending money?"

I got up and went for a long walk. Maybe an economist can but I can't understand why if the government spends 10 billion dollars it's all right but if the people do it's inflationary.

In fact, I have as much trouble understanding economists as economists have understanding the economy. For instance,

RICHARD LEE DAVIS JR.
... new minister

Church Names New Minister

Richard Lee Davis Jr. of Abilene, new minister of the East Side Church of Christ, assumed his duties here July 7. He succeeds Howard Adams as minister.

Mr. Davis has previously served the College and Dallas St. Church of Christ in Colorado City and the Brazos St. Church of Christ in Coleman.

He is a graduate of Abilene Christian College and has graduate work in Missions at ACC. He was named an outstanding student in 1971 and to "Who's Who in American Colleges and Universities" in 1973.

He is married to the former Kay Moore of Lubbock. They reside at 609 E. N. 16th St. in Abilene.

Immunization Clinic Today

The first free immunization clinic to be held locally under the direction of the State Health officer and staffed by members of the Licensed Vocational Nurses Association will be held today (Thursday) at the primary school building.

All children needing immunizations should be at the school between 8:30 to 11:30 a.m.

The state health officer will be in Hamlin the third Thursday of each month. The clinic is open to all who cannot afford to pay for their children's immunizations.

Sets Dinner

The Usher and Deaconess Board of Oak Grove Baptist Church will sponsor a dinner Saturday beginning at 6 p.m. in Fellowship Hall.

The menu will be oven baked chicken, green beans and mushrooms, parsley potatoes, fruit salad, hot rolls, iced tea and assorted pies.

Economist Steins said that inflation should be blamed on the people for lack of self-discipline, for too many demands, and that they should return to the "old time religion" of saving and controlling their desires.

This is true, people shouldn't spend more than they make and ought to add to their savings every pay day, but have you ever stopped to think what would happen if everybody did? If everybody saved and saved till we all had say \$200,000 apiece drawing 8 percent interest, or \$16,000 a year, which ought to be enough to live on, how much do you think \$16,000 would be worth in buying power? Probably \$250, and everybody would have to go back to work again.

It doesn't pay to think too much about economics. It's safer to just go on like we are, stopping every now and then to cuss the government.

Yours Faithfully,
J. A.

City Council Accepts Bid for Garbage Truck

The Hamlin City Council voted here Monday evening to accept the bid of Pak-Mor Manufacturing Co. of San Antonio of \$5,977 for a gar-

bage truck bed to be installed on the Ford truck now on order from Connally Ford Sales.

The new 14 cubic yard packer bed will be installed on the Ford chassis that is expected to be delivered sometime this fall.

Physicals for Football Boys Set Aug. 6

Physicals for boys planning to take part in Hamlin High School athletics during the coming school year will be given Tuesday, Aug. 6, according to Athletic Director David Bonds. He said that there would be a nominal charge made this year for the physicals.

Boys who plan to take part in any one or more of the sports programs during the coming year are urged to take their physicals now, Coach Bonds said.

Coach Bonds said that shoes will be issued to all boys coming out for football on Wednesday, Aug. 7, with workouts starting on Monday, Aug. 12.

A "Meet the Pipers" intrasquad scrimmage is being planned for Saturday, Aug. 17 and the Pipers will hold their first scrimmage here with Seymour on Friday, Aug. 23 and then scrimmage with Olney there on Friday, Aug. 30.

The Pipers will open the season with Rotan on Friday, Sept. 6.

Cheryl Baker Attends Safety Conference

Cheryl Baker, Hamlin High School Sophomore, attended the National Student Safety Conference at Miami University in Oxford, Ohio, July 14-17. She represented the Hamlin Student Council.

The purpose of the National Student Safety Program is to assist students to plan and carry out safety activities within their respective schools and communities.

She left Abilene by plane Sunday morning and met with the 16 other Texas students in Dallas for the flight to Ohio.

The local school became eligible to send a representative to the conference by earning a first place in the safety division at the state convention of Student Councils earlier this year.

Singing Sunday

The Third Sunday Singing will be held at 2 p.m. in Calvary Baptist Church, according to Mrs. Bessie King, secretary of the singing organization.

Mrs. Ruby Scifres is manager and coach is Mrs. Don Pyron.

OLGA RIVERA
... Hamlin contestant

Larry Melton, a representative for Southwestern Bell Telephone Company of Abilene, presented to the council several methods that the telephone company could extend the burglar alarm systems from Hamlin to the Jones County Sheriff's office in Anson for night dispatching.

With the advent of the new toll-free dialing between Anson and Hamlin the council has been looking into the possibility of eliminating one or two shifts of dispatchers for the police department. Arrangements would also have to be made to handle fire calls out of the sheriff's department during the same hours.

For several years now the city has been maintaining a 24-hour dispatch service, seven days a week. It was pointed out at the meeting that considerable saving could be made by the city if arrangements can be worked out to eliminate all but one shift.

Oil Income for 1973 Up Despite Production Drop

Despite a drop in production in Jones and most other counties of Texas during 1973 the oil that was produced last year in 203 of the state's 254 counties was valued at \$5 billion, an increase of \$500 million over the value of oil produced in 1972, according to figures compiled by Texas Mid-Continent Oil & Gas Association.

The increase in total value partially reflects the increased prices paid for some Texas Crude oil during the latter part of 1973. In addition to larger payments to royalty owners, higher prices also have been reflected in the state comptroller's reports of increased severance taxes

paid the oil men of the state. The state's production for the past year dropped nearly 6.3 million barrels from the record high year of 1972 despite the 12 months of 100 per cent allowable.

Jones County, which has had recorded production since 1926, last year produced 2,106,526 barrels of oil at the rate of 5,771 barrels a day. Production in 1973 boosted the county's production total through the end of the year to 173,101,327 barrels.

Texas production in 1973 amounted to almost 1.3 billion barrels, tops among the nation's oil producing states and representing 38.6 per cent of total U.S. production,

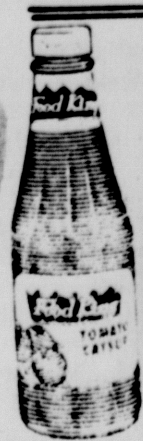

according to statistics compiled by Texas Mid-Continent Oil & Gas Association.

In 84 years of recorded production, Texas oil fields have produced some 38 billion barrels of oil—approximately 36 per cent of the U.S. total.

"The decline in production indicates the basic task of the state's oil men—the more extensive development of Texas fields," said the Association's president, Sherman Hunt, a Dallas independent producer. "But if Congress will adopt economic policies to encourage the search for new fields, we feel this trend can be changed."

LETTER
TO EDITOR

Dear Editor:

I have something that I believe will be newsworthy. My parents, Mr. and Mrs. Jeff Cheshier, formerly of 451 S. W. 3rd St., are now residents of Hill Top Haven located in Gunter, Texas, about 50 miles north of Dallas. They were residents of the Hamlin area for 45 years, since 1929.

He had worked on Culbertson Farms until he retired in 1957.

They have been married 66 years. Last year they

received a card on their 65th anniversary from President and Mrs. Nixon.

They would appreciate cards and letters from their many friends in Hamlin. (Their mailing address is Hill Top Haven, Box 38, Gunter, Texas 75058.)

Thanks very much,
Donald G. Cheshier

Precious
SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THANK YOU FOR THE PAST 56 YEARS

On Nov. 7, 1918, we came to Hamlin to begin our career in the grocery business. June 30, 1974, - 56 years later - we come to a pause in that career.

We have made many friends in these short years — and they have been short — for they have been rewarding and we have enjoyed them.

You, the people of Hamlin and surrounding trade territory, have raised us and our family for which we are grateful. Hamlin and you, our customers, have given us much. It is our hope that we have contributed something worthwhile in return.

On June 30, 1974, we sold our interest in the Pied Piper Grocery to Ester and Dorothy Hastings. We have no immediate plans as to our future but it is our desire to remain in Hamlin.

Again we want to say "thank you" for these past 56 years of happiness that you have afforded us.

We hope we can serve you, the best customers in the world, again in the near future.

SHORT SNORTS

Alabama Gov. George Wallace is soliciting funds from Texans for the new "Wallace Campaign," and polling as to how voters would cast their ballots if 1972 presidential candidates (including himself) were running today.

A poll by a state representative showed legislators don't really want a special session on school finance and other matters, although many are calling for one publicly.

Dairy Queen Thanks Hamlin

I would like to thank the people of Hamlin and surrounding area for their great participation in their new Dairy Queen.

I am the first to admit our service and our products were not up to our normal, but due to wanting to use all "local" people as employees their experience was limited in this type service.

We have some great people working for us and with the holiday, all other's being closed, and the Dairy Queen being new, I personally think they did a tremendous job of trying.

Your patience and understanding has been greatly appreciated.

Thanks
Mrs. B. J. Waddell, owner

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Apparently, you people did not let it rain while we were gone on vacation and since it did not rain in Arkansas or Missouri while we were there, it was not possible to bring any back with us.

It seems to just be hot and dry everywhere.

Last year after vacation we filled up this space with a travelogue of our trip but since we went back to about the same places again this year, it is probably best that we find something else to write about. But, first just a few comments about our trip.

As we said it was dry just about everywhere we went and apparently those people over in that area suffer even more than we do from these long dry spells.

Gasoline seemed to be in better supply this year than it was at this time last year but then there seemed to be less people on the road and the prices were much higher. The price of gasoline seemed to vary as much as 9 cents from one area to another. Over-all the price seems a little cheaper in most of Texas but in Arkansas it varied from 51.9 to 56.9 in the same town. The highest we found was in Kimberling City, Mo., where it was 59.9.

The best bargain we found on the whole trip was a drug store in Branson, Mo., where you can still get a double dip ice cream cone for 5 cents—and they are full regular size dips.

After a week and a half of being in the trees, we find ourselves constantly looking for a shady place when we are outside. And if it is this hard to go back to work after a week and a half off we don't know how these people that get four and five weeks' vacation ever manage to get back on the job.

The one thing that we will probably miss most now that our vacation is over is the camp ground swimming pools that we managed to find our way into just about every evening.

Dave Drummond, a Hamlin Ex and son of Mr. and Mrs. G. W. Drummond of Hamlin, has been named new head coach at Stinnett High School in the Panhandle. He replaced Jerry Elbert who recently resigned to enter private business in the Lubbock area.

Dave has been at Stinnett for the past year as an assistant football coach. Before that he was head coach at Valley High School, one year as a graduate Assistant at West Texas State University and one year as a junior high school coach in Socorro, N.M.

Stinnett has been one of the major powerhouses in Class A for a great many years. Stinnett won bi-district last year and lost to Vega in the regional playoffs.

We read with interest in last week's Stamford American where they are making plans to come up with a Child Day Care Center similar to the one we have in operation here. They say that they hope to have it in operation by Sept. 1 but unless they can get through all the red tape much faster than we did it most likely will be Christmas before they will be taking in kids.

The following is also from the last week's American:

Inflation is causing most folks these days to sharpen pencils and to try to stretch their incomes. Jones County Commissioners are no exception.

At their July meeting Monday they were discussing the high cost of road maintaining equipment and what might be done to offset this tremendous expense.

Good Crowds Reported for City-Wide Crusade Here

The City-Wide Crusade for Christ, featuring David Stockwell as the evangelist, closed Thursday evening after five days of activities with an average attendance of 700 each evening at services in Piper Stadium.

With Stockwell were his brother Micky, 16, who worked with the youth and Vance Greek, a native of Rio

Hondo, who directed the music. Local talent, Mrs. Marvin Carlton and Mrs. Lynn Mink were instrumentalists for the services.

More than 200 decisions for Christ were made with more than 140 commitments, workers reported.

Special activities included a lay breakfast at 6:30 a.m. on Tuesday when 175 persons were served in Fellowship Hall of First Baptist Church. A pizza supper for the youth at the stadium was served to some 200 junior high school through college age Tuesday evening prior to the service.

The visiting evangelists were guests of the Lions Club on Tuesday and the Rotary Club on Wednesday.

Presiding at the evening services were Lynn Mink, Sunday, Rev. C. G. Grigg, Monday; the Rev. Marshall Stewart, Tuesday; the Rev. Howard Jones, Wednesday and the Rev. Jim Smith, Thursday.

The New Image of First Baptist Church presented music each evening before each service.

Jno Howards Sell Interest In Store Here

Effective June 30, Mr. and Mrs. Jno. V. Howard sold their partnership interest in Pied Piper Grocery to co-owners, Mr. and Mrs. Ester Hastings.

In thanking the people of the Hamlin area for 56 years of happiness and their customers contribution to their success, Howard noted that he and his wife had come to a pause in their grocery career. No immediate plans for the future have been made, he said.

Howard was born here and grew up in the grocery business. His father, John V. Howard Sr., was a pioneer grocerman.

He married the former Mildred Traylor of Dallas in 1945. At that time she was employed by Braniff Airways as secretary to the chief pilot. Howard worked for Crow Bros. until October, 1947, when he opened Howard Food Market with his father as the butcher.

In September, 1968, the Howards joined the Hastings ownership of Pied Piper Grocery.

Mission Sets Revival Here

Revival services will begin Sunday at the Mexican Baptist Mission on East Lake Drive with the Rev. Felipe Martinez of Laredo as the evangelist.

Services will be held at 8 o'clock each evening through Sunday, July 28.

Mrs. John Howard will be the pianist and Andy Contreras will direct the music. Everyone is invited to attend.

Mr. and Mrs. Randy Wright, Rob, Debby, Tammie and a friend Dick Parkens of Glendale, Ariz. visited in the home of his parents, Mr. and Mrs. Randall A. Wright and also his brother, James F. Wright.

Neinda Philosopher Gets Over His Head In Economics—Nearly Drowns

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets tangled up in economics again this week.

Dear editor:

If a person pinched himself every time he hears or reads something it's impossible to believe these days he'd stay black and blue. It's wall-climbing to hear a witness in Washington solemnly swear he can remember one thing in his favor and can't at all recall another thing that'd convict him.

But one of the oddest things I've read lately, having nothing to do with remembering, was a statement the other day by the chairman of the President's Council of Economic Advisers, Herbert Stein.

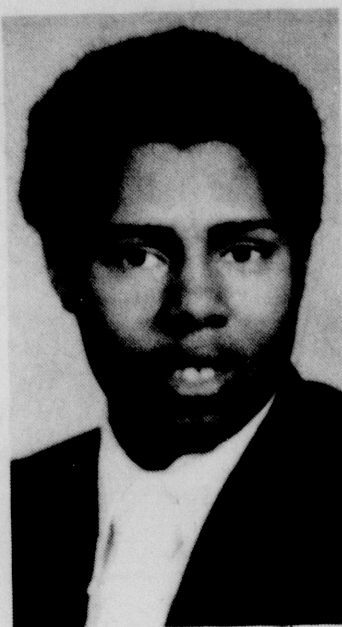

In opposing a 5 to 10-billion-dollar tax cut to slow down inflation, Mr. Stein said it

wouldn't do any good. "We shouldn't be putting that much money in the hands of the people because they'd only go out and spend it," he said.

"Wait a minute," I said to myself before hunting for a new spot to pinch, "you mean the government will keep that 5 to 10-billion-dollar denied tax cut and put it in a savings and loan account? You mean the Federal government, which has over-spent its income every year for the past 25 or 30 and is now over 300 billion dollars in debt, is lecturing the people for spending money?"

I got up and went for a long walk. Maybe an economist can but I can't understand why if the government spends 10 billion dollars it's all right but if the people do it's inflationary.

In fact, I have as much trouble understanding economists as economists have understanding the economy. For instance,

RICHARD LEE DAVIS JR.
... new minister

Church Names New Minister

Richard Lee Davis Jr. of Abilene, new minister of the East Side Church of Christ, assumed his duties here July 7. He succeeds Howard Adams as minister.

Mr. Davis has previously served the College and Dallas St. Church of Christ in Colorado City and the Brazos St. Church of Christ in Coleman.

He is a graduate of Abilene Christian College and has graduate work in Missions at ACC. He was named an outstanding student in 1971 and to "Who's Who in American Colleges and Universities" in 1973.

He is married to the former Kay Moore of Lubbock. They reside at 609 E. N. 16th St. in Abilene.

Immunization Clinic Today

The first free immunization clinic to be held locally under the direction of the State Health officer and staffed by members of the Licensed Vocational Nurses Association will be held today (Thursday) at the primary school building.

All children needing immunizations should be at the school between 8:30 to 11:30 a.m.

The state health officer will be in Hamlin the third Thursday of each month. The clinic is open to all who cannot afford to pay for their children's immunizations.

Sets Dinner

The Usher and Deaconess Board of Oak Grove Baptist Church will sponsor a dinner Saturday beginning at 6 p.m. in Fellowship Hall.

The menu will be oven baked chicken, green beans and mushrooms, parsley potatoes, fruit salad, hot rolls, iced tea and assorted pies.

Economist Steins said that inflation should be blamed on the people for lack of self-discipline, for too many demands, and that they should return to the "old time religion" of saving and controlling their desires.

This is true, people shouldn't spend more than they make and ought to add to their savings every pay day, but have you ever stopped to think what would happen if everybody did? If everybody saved and saved till we all had say \$200,000 apiece drawing 8 percent interest, or \$16,000 a year, which ought to be enough to live on, how much do you think \$16,000 would be worth in buying power? Probably \$250, and everybody would have to go back to work again.

It doesn't pay to think too much about economics. It's safer to just go on like we are, stopping every now and then to cuss the government.

Yours Faithfully,
J. A.

OLGA RIVERA
... Hamlin contestant

Larry Melton, a representative for Southwestern Bell Telephone Company of Abilene, presented to the council several methods that the telephone company could extend the burglar alarm systems from Hamlin to the Jones County Sheriff's office in Anson for night dispatching.

With the advent of the new toll-free dialing between Anson and Hamlin the council has been looking into the possibility of eliminating one or two shifts of dispatchers for the police department. Arrangements would also have to be made to handle fire calls out of the sheriff's department during the same hours.

For several years now the city has been maintaining a 24-hour dispatch service, seven days a week. It was pointed out at the meeting that considerable saving could be made by the city if arrangements could be worked out to eliminate all but one shift.

Oil Income for 1973 Up Despite Production Drop

Despite a drop in production in Jones and most other counties of Texas during 1973 the oil that was produced last year in 203 of the state's 254 counties was valued at \$5 billion, an increase of \$500 million over the value of oil produced in 1972, according to figures compiled by Texas Mid-Continent Oil & Gas Association.

The increase in total value partially reflects the increased prices paid for some Texas Crude oil during the latter part of 1973. In addition to larger payments to royalty owners, higher prices also have been reflected in the state comptroller's reports of increased severance taxes

paid the oil men of the state.

The state's production for the past year dropped nearly 6.3 million barrels from the record high year of 1972 despite the 12 months of 100 per cent allowable.

Jones County, which has had recorded production since 1926, last year produced 2,106,526 barrels of oil at the rate of 5,771 barrels a day. Production in 1973 boosted the county's production total through the end of the year to 173,101,327 barrels.

Texas production in 1973 amounted to almost 1.3 billion barrels, tops among the nation's oil producing states and representing 38.6 per cent of total U.S. production,

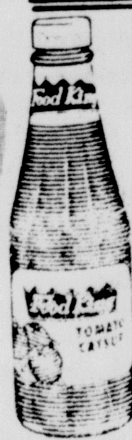

according to statistics compiled by Texas Mid-Continent Oil & Gas Association.

In 84 years of recorded production, Texas oil fields have produced some 38 billion barrels of oil—approximately 36 per cent of the U.S. total.

"The decline in production indicates the basic task of the state's oil men—the more extensive development of Texas fields," said the Association's president, Sherman Hunt, a Dallas independent producer. "But if Congress will adopt economic policies to encourage the search for new fields, we feel this trend can be changed."

NEWS AND VIEWS . .
And What Have You
Continued from page 1

A road grader which cost \$27,000 just a year ago, now lists at \$48,000. Each commissioner has at least two. Jones County has over 200 miles of roads in each precinct and these graders see a lot of use. Informally, but not necessarily

officially, the four talked about pooling of equipment as is done under the unit system. The high cost of transporting a heavy peice of equipment from one end of the county to the other, they said, could offset any saving. County budget for the new year has not been approved, but valuations will be up some. This is due to stepped-up oil exploration plus residential building, they said. Jones County at one time collected a lot of taxes from its oil activity but in recent years this has dwindled.

LETTER TO EDITOR

Dear Editor:
I have something that I believe will be newsworthy. My parents, Mr. and Mrs. Jeff Cheshier, formerly of 451 S. W. 3rd St., are now residents of Hill Top Haven located in Gunter, Texas, about 50 miles north of Dallas. They were residents of the Hamlin area for 45 years, since 1929. He had worked on Culbertson Farms until he retired in 1957. They have been married 66 years. Last year they

received a card on their 65th anniversary from President and Mrs. Nixon. They would appreciate cards and letters from their many friends in Hamlin. (Their mailing address is Hill Top Haven, Box 38, Gunter, Texas 75058.)
Thanks very much,
Donald G. Cheshier

Precious SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Of course they all drowned.

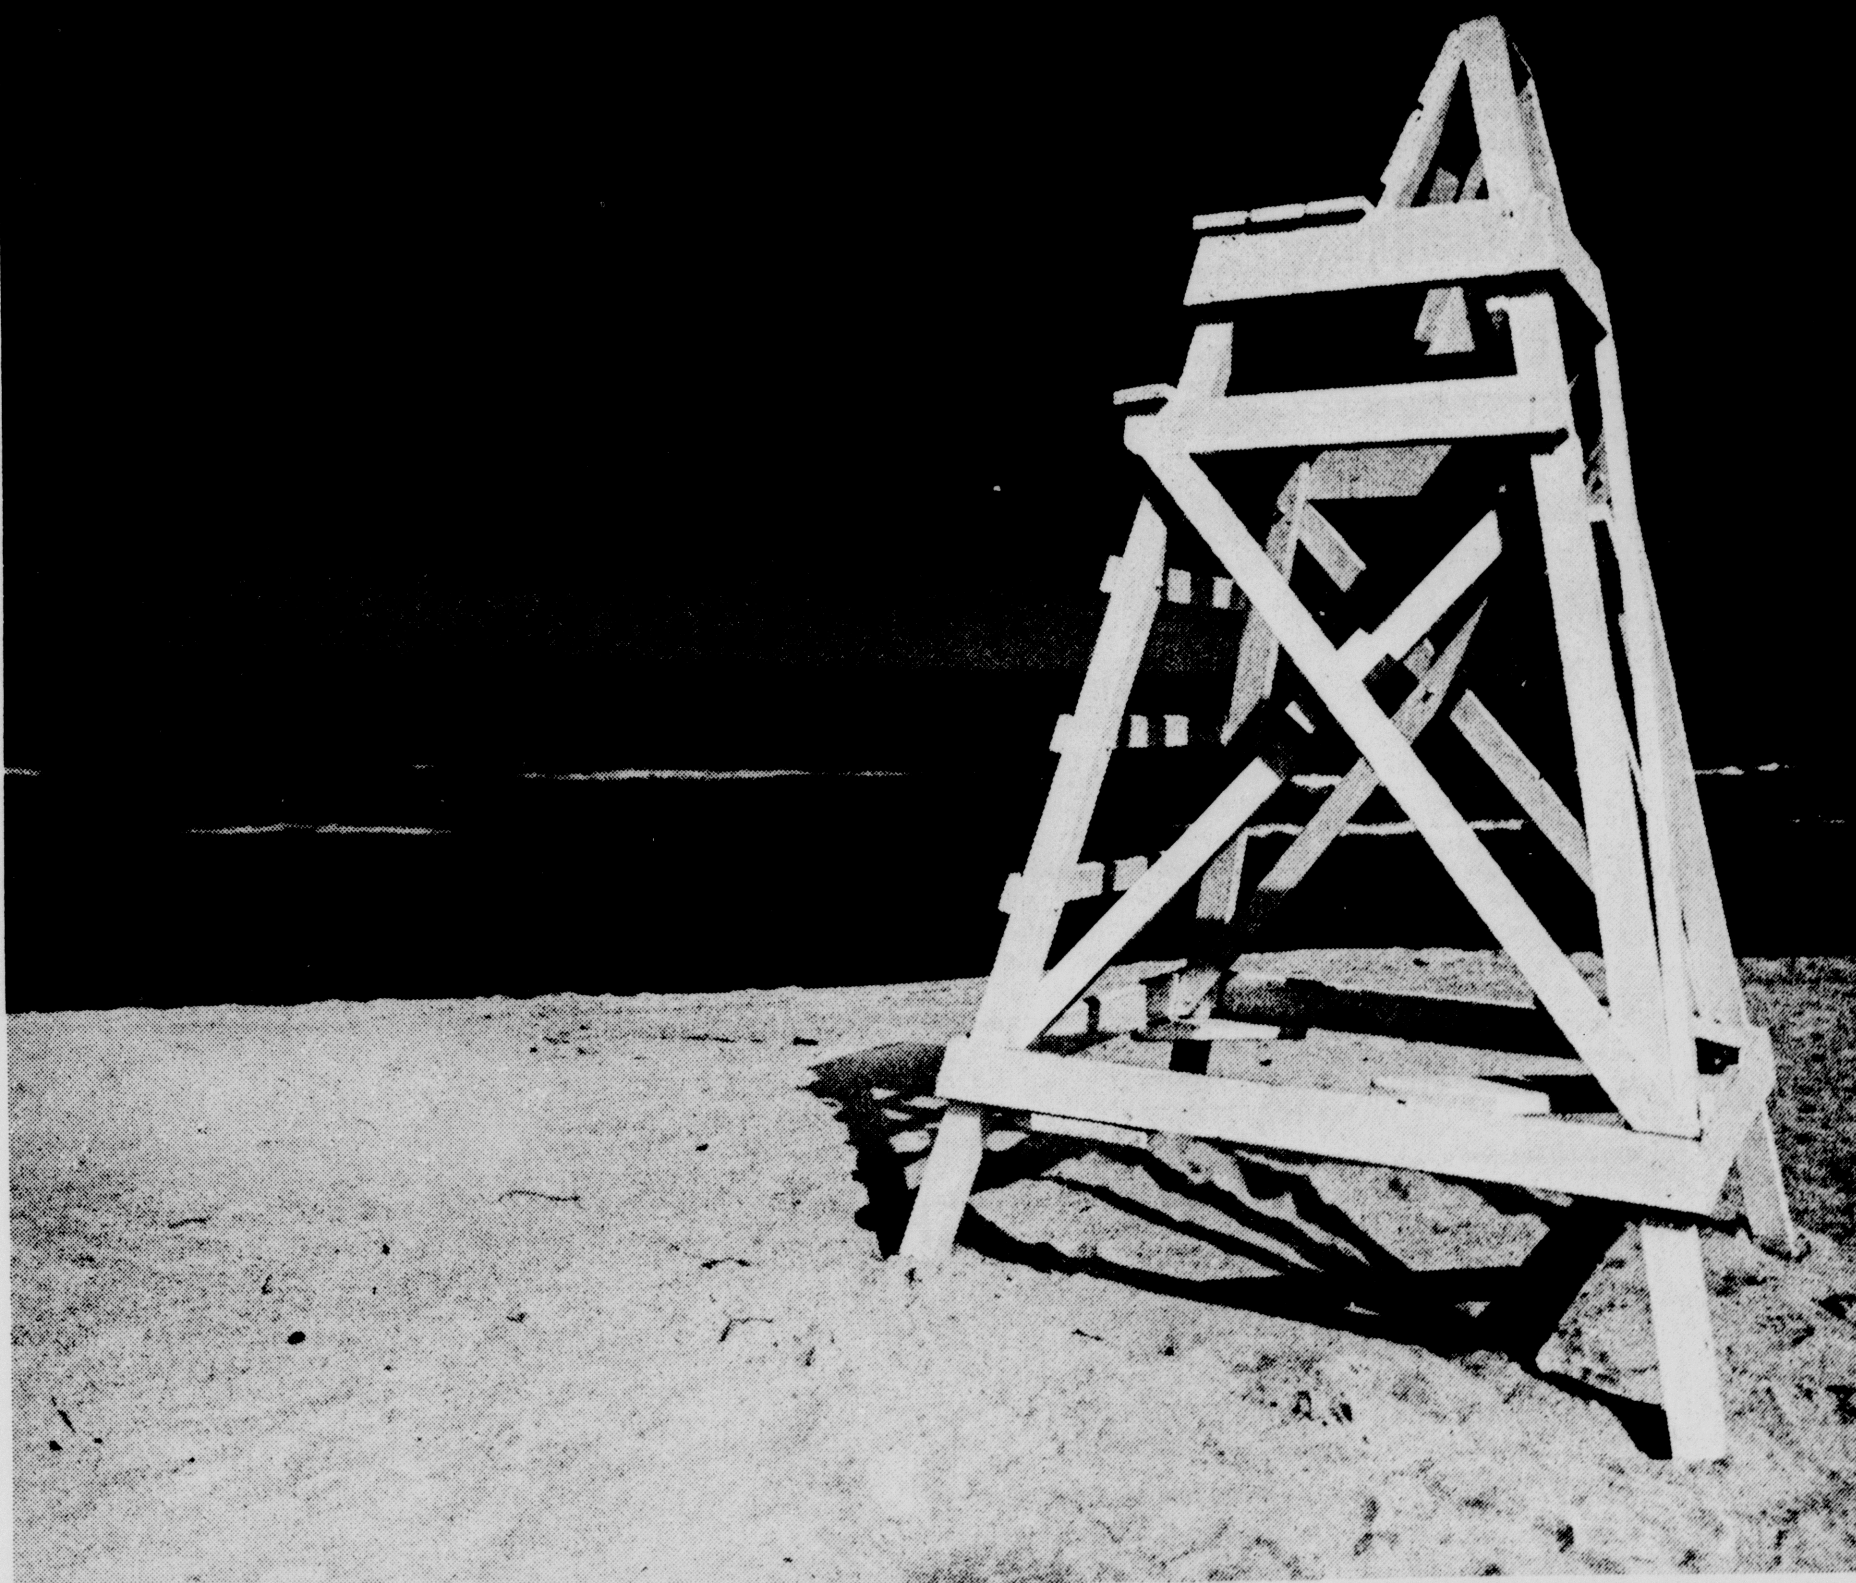

But then, another 55,600

The figures go on and on.

THANK YOU FOR THE PAST 56 YEARS

On Nov. 7, 1918, we came to Hamlin to begin our career in the grocery business. June 30, 1974, - 56 years later - we come to a pause in that career.

We have made many friends in these short years — and they have been short — for they have been rewarding and we have enjoyed them.

You, the people of Hamlin and surrounding trade territory, have raised us and our family for which we are grateful. Hamlin and you, our customers, have given us much. It is our hope that we have contributed something worthwhile to return.

On June 30, 1974, we sold our interest in the Pied Piper Grocery to Ester and Dorothy Hastings. We have no immediate plans as to our future but it is our desire to remain in Hamlin.

Again we want to say "thank you" for these past 56 years of happiness that you have afforded us.

We hope we can serve you, the best customers in the world, again in the near future.

JNO & MILDRED HOWARD

REDDY'S VACATION TIPS

Clip and save this vacation checklist.

- ☐ REFRIGERATOR OR FREEZER: Change thermostat control to slightly warmer for "Vacation" setting according to the manufacturer's recommendations.
- ☐ DISHWASHER: Make sure it's empty. Shut the door, but do not latch.
- ☐ DISPOSER: Run and flush with cold water.
- ☐ ELECTRIC RANGE: Make sure all switches are in the "Off" position.
- ☐ WASHERS: Turn off water supply at faucets.
- ☐ WATER HEATER (ELECTRIC): Turn off at circuit breaker panel. When you return, run a small amount of water from a hot water faucet to make sure there is water in the tank before you turn the circuit on.
- ☐ TRASH COMPACTOR: Remove any accumulated trash.
- ☐ TELEVISION SETS: Unplug from electric outlet and disconnect the antenna lead-in cable.
- ☐ CLOCK RADIOS, ETC.: Check these and all other items with automatic "On-Off" controls. Disconnect the ones that won't be needed.
- ☐ LIGHTING: Be sure that all lights are off except those needed for security, such as: 1) yard light and/or other exterior lighting with automatic controls — on at dusk, off at dawn; 2) portable lamp in living area with automatic control; 3) hall or bathroom light.
- ☐ AIR CONDITIONING: Normally, air conditioning should be turned off completely while on summer vacation. However, if there is anything in your home that might suffer heat damage, the thermostat setting could be raised 5 to 10 degrees above normal operation and the unit left on. For comfort, you might have a friend or neighbor turn on the unit the day of your return.

Dairy Queen Thanks Hamlin

I would like to thank the people of Hamlin and surrounding area for their great participation in their new Dairy Queen.

I am the first to admit our service and our products were not up to our normal, but due to wanting to use all "local" people as employees their experience was limited in this type service.

We have some great people working for us and with the holiday, all other's being closed, and the Dairy Queen being new, I personally think they did a tremendous job of trying.

Your patience and understanding has been greatly appreciated.

Thanks
Mrs. B. J. Waddell, owner

SHORT SNORTS

Alabama Gov. George Wallace is soliciting funds from Texans for the new "Wallace Campaign," and polling as to how voters would cast their ballots if 1972 presidential candidates (including himself) were running today.

A poll by a state representative showed legislators don't really want a special session on school finance and other matters, although many are calling for one publicly.
